17 JURISDICTION

18 5. This Accusation is brought before the California State Board of Pharmacy
19 (Board), Department of Consumer Affairs, under the authority of the following laws. All section
20 references are to the Business and Professions Code unless otherwise indicated.

21 6. Section 4059 (a) of the Code states, in pertinent part, that a person may not
22 furnish any dangerous drug except upon the prescription of a physician, dentist, podiatrist,
23 optometrist, or veterinarian. A person may not furnish any dangerous device, except upon the
24 prescription of a physician, dentist, podiatrist, optometrist, or veterinarian.

25 7. Section 4070 (a) of the Code entitled, Oral or electronic data transmission
26 prescription; reduction to writing states: Except as provided in Section 4019 and subdivision (b),
27 an oral or an electronic data transmission prescription as defined in subdivision (c) of Section
28 4040 shall as soon as practicable be reduced to writing by the pharmacist and shall be filled by,

1 or under the direction of, the pharmacist. The pharmacist need not reduce to writing the address,
2 telephone number, license classification, federal registry number of the prescriber or the address
3 of the patient or patients if the information is readily retrievable in the pharmacy.

4 8. Section 4081 of the Code states:

5 (a) All records of manufacture and of sale, acquisition, or disposition of
6 dangerous drugs or dangerous devices shall be at all times during business hours open to
7 inspection by authorized officers of the law, and shall be preserved for at least three years
8 from the date of making. A current inventory shall be kept by every manufacturer,
9 wholesaler, pharmacy, veterinary food-animal drug retailer, physician, dentist, podiatrist,
10 veterinarian, laboratory, clinic, hospital, institution, or establishment holding a currently
11 valid and unrevoked certificate, license, permit, registration, or exemption under Division
12 2 (commencing with Section 1200) of the Health and Safety Code or under Part 4
13 (commencing with Section 16000) of Division 9 of the Welfare and Institutions Code
14 who maintains a stock of dangerous drugs or dangerous devices.

15 (b) The owner, officer, and partner of any pharmacy, wholesaler, or
16 veterinary food-animal drug retailer shall be jointly responsible, with the
17 pharmacist-in-charge or exemptee, for maintaining the records and inventory described in
18 this section.

19 (c) The pharmacist-in-charge or exemptee shall not be criminally
20 responsible for acts of the owner, officer, partner, or employee that violate this section
21 and of which the pharmacist-in-charge or exemptee had no knowledge, or in which he or
22 she did not knowingly participate.

23 9. Section 4105 of the Code states:

24 (a) All records or other documentation of the acquisition and disposition of
25 dangerous drugs and dangerous devices by any entity licensed by the board shall be
26 retained on the licensed premises in a readily retrievable form.

27 (b) The licensee may remove the original records or documentation from
28 the licensed premises on a temporary basis for license-related purposes. However, a
duplicate set of those records or other documentation shall be retained on the licensed
premises.

(c) The records required by this section shall be retained on the licensed
premises for a period of three years from the date of making.

(d) Any records that are maintained electronically shall be maintained so
that the pharmacist-in-charge, the pharmacist on duty if the pharmacist-in-charge is not
on duty, or, in the case of a veterinary food-animal drug retailer or wholesaler, the
exemptee, shall, at all times during which the licensed premises are open for business, be
able to produce a hard copy and electronic copy of all records of acquisition or
disposition or other drug or dispensing-related records maintained electronically.

(e)(1) Notwithstanding subdivisions (a), (b), and (c), the board, may upon
written request, grant to a licensee a waiver of the requirements that the records described
in subdivisions (a), (b), and (c) be kept on the licensed premises.

(2) A waiver granted pursuant to this subdivision shall not affect the
board's authority under this section or any other provision of this chapter.

10. Section 4301 of the Code states:

The board shall take action against any holder of a license who is guilty of
unprofessional conduct or whose license has been procured by fraud or misrepresentation
or issued by mistake. Unprofessional conduct shall include, but is not limited to, any of

1 the following:

2 (c) Gross negligence.

3 (f) The commission of any act involving moral turpitude, dishonesty,
4 fraud, deceit, or corruption, whether the act is committed in the course of relations as a
licensee or otherwise, and whether the act is a felony or misdemeanor or not.

5 (j) The violation of any of the statutes of this state or of the United States
6 regulating controlled substances and dangerous drugs.

7 (o) Violating or attempting to violate, directly or indirectly, or assisting in
8 or abetting the violation of or conspiring to violate any provision or term of this chapter
or of the applicable federal and state laws and regulations governing pharmacy, including
regulations established by the board.

9 (q) Engaging in any conduct that subverts or attempts to subvert an
10 investigation of the board.

11 11. Section 4333 of the Code states, in pertinent part, that all prescriptions
12 filled by a pharmacy and all other records required by Section 4081 shall be maintained on the
13 premises and available for inspection by authorized officers of the law for a period of at least
14 three years. In cases where the pharmacy discontinues business, these records shall be
15 maintained in a board-licensed facility for at least three years.

16 12. Section 480 states, in pertinent part:

17 (a) A board may deny a license regulated by this code on the grounds that
18 the applicant has one of the following:

19 (2) Done any act involving dishonesty, fraud or deceit with the intent to
substantially benefit himself or another, or substantially injure another; or

20 (3) Done any act which if done by a licentiate of the business or profession
in question, would be grounds for suspension or revocation of license.

21 13. Section 118, subdivision (b), of the Code provides that the
22 suspension/expiration/surrender/cancellation of a license shall not deprive the Board of
23 jurisdiction to proceed with a disciplinary action during the period within which the license may
24 be renewed, restored, reissued or reinstated.

25 14. California Code of Regulations, title 16, section 1717, states:

26 (c) Promptly upon receipt of an orally transmitted prescription, the
27 pharmacist shall reduce it to writing, and initial it, and identify it as an orally transmitted
28 prescription. If the prescription is then dispensed by another pharmacist, the dispensing

1 pharmacist shall also initial the prescription to identify him or herself.

2 All orally transmitted prescriptions shall be received and transcribed by a
3 pharmacist prior to compounding, filling, dispensing, or furnishing.

4 Chart orders as defined in Section 4019 of the Business and Professions
5 Code are not subject to the provisions of this subsection.

6

7 15. California Code of Regulations section 1715, entitled, Self-Assessment of
8 a Pharmacy by the Pharmacist-in-Charge states:

9 (a) The pharmacist-in-charge of each pharmacy as defined under section 4029 or
10 section 4037 of the Business and Professions Code shall complete a self-assessment of
11 the pharmacy's compliance with federal and state pharmacy law. The assessment shall be
12 performed before July 1 of every odd-numbered year. The primary purpose of the
13 self-assessment is to promote compliance through self-examination and education.

14 (b) In addition to the self-assessment required in subdivision (a) of this section,
15 the pharmacist-in-charge shall complete a self-assessment within 30 days whenever:

16 (1) A new pharmacy permit has been issued, or

17 (2) There is a change in the pharmacist-in-charge, and he or she becomes the new
18 pharmacist-in-charge of a pharmacy.

19 (c) The components of this assessment shall be on Form 17M-13 (Rev. 1/05)
20 entitled "Community Pharmacy & Hospital Outpatient Pharmacy Self-Assessment" or

22 hereby incorporated by reference to evaluate compliance with federal and state laws and
23 regulations.

24 (d) Each self-assessment shall be kept on file in the pharmacy for three years after
25 it is performed.

26 16. California Code of Regulations section 1793.1 states:

27 Only a pharmacist, or an intern pharmacist acting under the supervision of a
28 pharmacist, may:

(a) Receive a new prescription order orally from a prescriber or other person
authorized by law.

17. Title 21, Code of Federal Regulations section 1304.11, (a) and c), states in
part as follows:

(a) General requirements. Each inventory shall contain a complete and accurate
record of all controlled substances on hand on the date the inventory is taken, and shall be
maintained in written, typewritten, or printed form at the registered location. An
inventory taken by use of an oral recording device must be promptly transcribed.
Controlled substances shall be deemed to be "on hand" if they are in the possession of or
under the control of the registrant, including substances returned by a customer, ordered
by a customer but not yet invoiced, stored in a warehouse on behalf of the registrant, and
substances in the possession of employees of the registrant and intended for distribution
as complimentary samples. A separate inventory shall be made for each registered
location and each independent activity registered, except as provided in paragraph (e)(4)
of this section. In the event controlled substances in the possession or under the control of
the registrant are stored at a location for which he/she is not registered, the substances
shall be included in the inventory of the registered location to which they are subject to
control or to which the person possessing the substance is responsible. The inventory may

1 be taken either as of opening of business or as of the close of business on the inventory
2 date and it shall be indicated on the inventory.

3 (c) Biennial inventory date. After the initial inventory is taken, the registrant shall
4 take a new inventory of all stocks of controlled substances on hand at least every two
5 years. The biennial inventory may be taken on any date which is within two years of the
6 previous biennial inventory date.

7 **FACTS:**

8 18. On July 23, 2004, the Board filed an accusation against pharmacist Cesar
9 Cabrera resulting from his conviction for possession of dangerous drugs. Following Cesar
10 Cabrera's conviction and subsequent stipulated settlement, the Board placed Cabrera on five
11 years probation, ordered him to serve 90 days suspension and to enter the Pharmacist's Recovery
12 Program. Cabrera's suspension was to be served from March 5, 2005 through June 4, 2005.

13 19. On March 8, 2005, Cabrera met with the Inspector Knight as part of a
14 probation conference to go over the conditions of his probation. Cabrera acknowledged that he
15 was suspended for 90 days, that he could not be employed where a relative was employed and
16 that he had to complete the paper work to get prior approval for a work site monitor in order to
17 work at a pharmacy. Cabrera was employed at Home Care Pharmacy where his wife, Anne R.
18 Cabrera, was the pharmacist in charge. Cabrera signed a declaration that he understood the terms
19 of his probation and suspension.

20 20. On May 25, 2005, Maximus representative, Don Fensterman, the manager
21 for the Pharmacists Recovery Program (PRP), met with Cabrera and discussed the terms of the
22 pharmacists recovery program treatment contract with him. Thereafter, on June 10, 2005,
23 Cabrera signed the contract and agreed to be bound by the terms and conditions.

24 21. The following are some of the pertinent conditions of PRP recovery
25 program that Cabrera contractually agreed to:

- 26 A. Not work in a pharmacy where a family member is employed or where
- 27 a family member has a beneficial interest;
- 28 B. Be supervised 75% of each work week by another pharmacist;
- or as a preceptor to interns or new employees;
- C. Not supervise others, act as a pharmacist in charge, pharmacy manager,
- D. Understand that he could be terminated from the program for failure to
- comply with the contract;
- E. Agree to abstain from the use of alcohol and all other mind altering

1 drugs, except as prescribed by a physician;

2 F. Agree to report all relapses to Maximus immediately and to cease
3 practice upon relapse.

4 22. On July 6, 2005, Maximus notified the Board that Cabrera has relapsed
5 and verbally suspended Cabrera from practicing pharmacy and told him to leave Home Care
6 Pharmacy, where he was working. Maximus advised Cabrera that he had not completed the
7 work site monitor paper work, that he did not have a work site monitor in place, and that he was
8 working at Home Care Pharmacy where his wife, Anne R. Cabrera, was the pharmacist in charge,
9 and hence, he violated the terms of his recovery program. Maximus notified Cabrera of the
10 aforementioned violations in writing on July 6, 2005. Maximus ordered Cabrera to cease
11 practice and to enter into a residential inpatient chemical dependency treatment program on or
12 before July 13, 2005, and to complete a 30 day treatment.

13 23. On July 12, 2005, the Board conducted an inspection of the Home Care
14 Pharmacy and discovered that Cabrera was the only pharmacist on duty. There were two
15 pharmacy technicians, a clerk, and a manager, Ms. Marian Rano, who was in her office next to
16 the pharmacy.

17 24. The Board inspector noted violations at Home Care Pharmacy, that were
18 the direct responsibility of the pharmacist in charge, in this case, Anne R. Cabrera. Home Care
19 Pharmacy pharmacist in charge, Anne R. Cabrera, failed to maintain a DEA inventory which
20 required all schedules to be faxed to the Board. The pharmacist in charge allowed a suspended
21 pharmacist to possess a key to the pharmacy. The Pharmacy/pharmacist in charge failed to
22 provide a current self assessment and fax it to the Board. The pharmacy/pharmacist in charge
23 allowed Mr. Cabrera to work at Home Care Pharmacy and failed to include the initials of the
24 receiving pharmacist on all orally transmitted prescriptions. The Pharmacy/pharmacist in charge
25 failed to fax the required corrections to the Board as requested.

26 25. On July 12, 2005, the pharmacy inspector confronted Mr. Cabrera who
27 admitted that he knew that he was not supposed to be working because of the Maximus
28 suspension. Additional inspection of the prescriptions verified that Mr. Cabrera had been filling
and dispensing prescriptions from at least July 8, 2005 through July 12, 2005, as evidenced by

1 his initials "CC" on the prescriptions. Mr. Cabrera admitted to having a key to the pharmacy.
2 The inspector told Mr. Cabrera and the manager, Marian Rano, and a man representing himself
3 as the pending owner of the pharmacy, Richard Lacson, that Mr. Cabrera could not have a key to
4 the pharmacy and that he could not work as a pharmacist at Home Care Pharmacy while on
5 suspension. The inspector admonished Mr. Cabrera to stop working at the pharmacy.

6 26. On July 13, 2005, Maximus, notified the Board that Mr. Cabrera had been
7 terminated from the PRP for the following reasons:

- 8 A. Tested positive for alcohol on 6-27-05 and again on 7-05-05;
9 B. Returned to work without a work site monitor agreement in place;
10 C. Returned to work where a relative (wife, Anne) also works;
11 D. Failed to enter inpatient chemical dependency treatment;
12 E. Returned to work after relapse;
13 F. Returned to work after suspension by Maximus;
14 G. Non compliance with his PRP contact.

15 27. On July 13, 2005, Maximus notified Mr. Cabrera in writing that he was
16 terminated from the pharmacist recovery program. On July 14, 2005, the Board sent Mr. Cabrera
17 a certified letter informing him that his license was suspended due to his termination from the
18 PRP, as per his stipulated settlement and the decision of the Board. The letter admonished Mr.
19 Cabrera that he was not allowed to enter or work at any pharmacy or have access to or control of
20 controlled substances. On July 20, 2005, Mr. Cabrera signed for receipt of the Board's certified
21 letter placing him on disciplinary suspension.

22 28. On October 6, 2005, the Board conducted a follow up inspection at Home
23 Care Pharmacy. Again, Mr. Cabrera was the only pharmacist on duty. There was one technician
24 and a biller in the front office. Again, Mr. Cabrera admitted to working but had no excuse for
25 violating his suspension imposed by the both the Board and Maximus. Mr. Cabrera again had a
26 key to the pharmacy which he admitted to taking. He also admitted to continuing working at
27 Home Care Pharmacy after the Board's July 12, 2005, inspection in defiance of his suspension.

28 29. On October 6, 2005, the Board's inspection confirmed that none of the
prior July 12, 2005 corrections had been completed. For example, there was no completed DEA
inventory, no quality assurance and no current pharmacy self assessment on the premises.

1 30. The inspector asked Mr. Cabrera to get his wife (pharmacist in charge) on
2 the telephone for the inspector to speak with. Mrs. Cabrera denied receiving a copy of the
3 Board's prior July 12, 2005 correction notice. She admitted to knowing that her husband's
4 license was suspended. The inspector admonished Mrs. Cabrera that her husband was suspended
5 and could not work and that he should not have a key to the pharmacy where she is the
6 pharmacist in charge. The inspector reminded Mrs. Cabrera that as the pharmacist in charge, she
7 was responsible for compliance with all the rules and regulations pertaining to pharmacy at
8 Home Care Pharmacy. The inspector requested that Anne R. Cabrera fax a completed copy of
9 the corrections to her as soon as possible. As of November 4, 2005, Mrs. Cabrera has not faxed
10 the corrections as requested.

11 31. Following the telephone call to Mrs. Cabrera, the inspector continued to
12 look through prescription evidence. The inspector found and documented prescriptions filled by
13 Mr. Cabrera during the time of the Board imposed suspension on his license, that is, March 5,
14 2005 through June 4, 2005. Mr. Cabrera initially denied working during the 90 suspension but
15 later admitted to the inspector that he had worked during the suspension period. The prescription
16 dates filled by Mr. Cabrera, "CC", were from January 28, 2005 through October 6, 2005 which
17 confirm that he worked as a pharmacist after suspension from the PRP. Mr. Cabrera admitted to
18 the inspector that he allowed technicians to receive and transcribe prescriptions which is against
19 the Board regulations. Mr. Cabrera told the inspector that he was unaware of that regulation.

20 32. The inspector asked Mr. Cabrera for Home Care Pharmacy's recent drug
21 purchases. Mr. Cabrera stated that none of the invoices for the purchases were at the pharmacy
22 as required by regulations but were at the house of a purported new owner, Richard Lacson. The
23 inspector reminded Mr. Cabrera that all acquisition and disposition records had to be kept in the
24 pharmacy, accessible to the Board.

25 33. On October 25, 2005, written letters were sent by the Board to the owners
26 and the pharmacist in charge notifying them of the violations found during the October
27 inspection.
